

Design by Sense Ladekabel

Beskrivelse

Smart ladekabel med innebygd temperaturovervåking og alarm i lader-enden.

Funksjoner:

1. *Når kabelen plugges inn i laderen:* Når kabelen plugges inn i laderen kommer et kort lydsignal som bekrefter at kabelen har gjort selvtest og temperaturovervåking er aktiv.
2. *Ved overoppheting:* Hvis kabelen registrerer overoppheting i lader-enden varsles det med lydsignal samtidig som kabelen slutter å lade enheten som er tilkoblet. For å fortsette å lade enheten må kabelen kobles ut og inn igjen i laderen, ref. punkt 1.
3. *Etter overoppheting:* Hvis temperaturen i laderen synker under terskelnivå etter at alarmen har gått, vil lydsignalet endres for å gjøre bruker oppmerksom på at laderen på et tidspunkt har vært overopphetet. Enheten som er koblet vil da ikke lades. For å fortsette å lade enheten må kabelen kobles ut og inn igjen i laderen, ref. punkt 1.

Artikkelinfo

SKU	EAN	Navn	Farge	Lengde
DS-UAL-R1	0769503843704	Ladekabel USB-A / Apple Lightning*	Rød	1,8 m
DS-UAUC-R1	0769503843735	Ladekabel USB-A / USB-C	Rød	1,8 m

*MFI godkjent (Made for Iphone)

Tekniske spesifikasjoner

Maksimal overføringshastighet	480 Mbps
Maskimal ladestrøm USB-C	0,5 A / 1,5 A
Maskimal ladestrøm Apple Lightning	2,4 A
Lydnivå alarm	78 dB

Dato: 26.10.2023
